

Venus Engineering

Manufacturer of Steel Reels & Bobbins

Venus Engineering

www.venus-engineering.com

We manufacture Reels, Bobbins, Spools, Wire handling equipment, Spool handling equipment and Cages for Spool transportation.

ABOUT US :

Venus Engineering is a 30 year old establishment, with manufacturing facility in Central India (Pithampur).

COMPANY VISION :

To keep delivering steel reels and other wire handling solutions to our clients with continuous upgrade in our technology and manufacturing process.

COMPANY MISSION:

To be a one stop solution for all steel reel and reel handling requirements for our customers.

Our bobbins are curled on the edges for strength and stability.

All of our reels are dynamically balanced at our inhouse facility.

We provide Powder coating, Plating or painting as per customer requirement.
